To search all items in our collection, go to our [catalogs](#) ^[6] page and click on library catalog. Once you have a library card you may use it at any of the 53 participating libraries in our network.

Book Club Kits

Check out the library's collection of [Book Club Kits](#) ^[7]. Each kit can be checked out for 6 weeks and includes 10 copies of a title selected by one of our librarians, as well as a discussion guide filled with resources to spark conversation. The kits were made possible through a generous donation by the Friends of the Salem-South Lyon District Library. Energy Audit Collection

The library provides "green kits" containing a Kill-A-Watt and Thermal Leak Detector. A Kill-A-Watt is used to measure the amount of electricity a device or appliance uses. The Thermal Leak Detector is used to locate areas where hot/cold air is leaking in from outside. The kits may be checked-out for 2 weeks. To place a hold on our energy audit kit, [click here](#) [8].
