- g. To attend post-deployment activities, such as arrival ceremonies and reintegration briefings, within 90 days of the end of the deployment;
- h. To care for a parent who is incapable of self-care, when the care is necessitated by the covered active duty, including arranging for alternative care, providing care on an immediate need basis, admitting or transferring the parent to a care facility, or attending meeting with staff at a care facility; and
- i. To address other events arising out of the active duty or call-up, provided that the employee and SSLDL agree that the leave qualifies as an exigency and agree as to both the timing and duration of such leave.

4. **Military Caregiver Family Leave.** The FMLA Policy permits a spouse, son, daughter, parent or next of kin to take up to 26 weeks of leave during a single 12-month period to care for a covered servicemember who suffers from a serious injury or illness incurred on active duty. The leave is limited to a single 12-month period but can last as long as 26 weeks. During the single 12-month period, an employee is limited to a combined total of 26 weeks of Military Caregiver Family Leave and any other type of Family and Medical Leave.

A "covered servicemember" is a member of the Armed Forces, including a member of the National Guard or Reserves, who (a) is undergoing medical treatment, recuperation, or therapy, (b) is otherwise in outpatient status, or (c) is otherwise on a temporary disability retired list for a serious injury or illness. A "covered servicemember" is also a veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during the period of 5 years preceding the date on which the veteran undergoes that medical treatment, recuperation or therapy.

In the case of a member of the Armed Forces, a "serious injury or illness" means an injury or illness incurred by a servicemember in the line of duty on active duty, or that existed before the active duty and was aggravated by service in the line of duty on active duty that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating.

In the case of a veteran who was a member of the Armed Forces at any time during the period of 5 years preceding the date on which the veteran undergoes medical treatment, recuperation or therapy, a "serious injury or illness" means an injury or illness that was incurred by the servicemember in the line of duty on active duty in the Armed Forces, or that existed before the active duty and was aggravated by service in the line of duty on active duty, and that manifested itself before or after the servicemember became a veteran, and is:

- a. A continuation of the serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered him/her unable to perform the duties of his/her office, grade, rank or rating; or
- b. A physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability Rating of 50% or greater based in whole or in part on the condition precipitating the need for leave; or
- c. A physical or mental condition that substantially impairs, or would do so absent treatment, the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service; or
- d. An injury, including a psychological injury, on the basis of which the covered veteran has been

enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.

“Next of kin” is the nearest blood relative of the servicemember.

5. **Duration of Leave.** Eligible Employees may take up to twelve (12) weeks of unpaid leave during any rolling twelve (12) month period for a purpose which qualifies for a family leave, a disability/medical leave, or a Qualifying Exigency Family Leave under the FMLA Policy. The twelve (12) month leave year is calculated backwards from the date the requested leave commences.

If an eligible Employee qualifies for a Military Caregiver Family Leave, he/she may take up to twenty-six (26) weeks of leave during a single twelve (12) month period. The single twelve (12) month period is different than the rolling twelve (12) month period addressed above, and begins on the first day of a Military Caregiver Family Leave.

If spouses are both employed by SSLDL and both are eligible for a Family or Medical Leave, spouses may take up to a combined total of twelve (12) weeks of Family and Medical Leave for the birth and care of a newborn child, the placement of a child in the spouses' home for adoption or foster care, or the care of a seriously ill parent. This limitation does not apply to the care of a spouse or child with a serious health condition or to the employee's own serious health condition. If spouses are both employed by SSLDL and both attempt to use a Military Caregiver Family Leave, the aggregate number of weeks that they can use is a combined total of 26 during a single 12-month period, including any time spent on other types of Family and Medical Leave.

6. **Intermittent and Reduced Schedule Leaves.** Family and Medical Leaves for absences necessitated by a serious health condition or the treatment of a serious health condition may be taken intermittently or on a reduced schedule basis but only if such a schedule is medically necessary (including the care of and psychological comfort to a parent, child or spouse suffering from a serious health condition or needing treatment for a serious health condition).

In the case of caring for a newborn, adopted or foster child, intermittent Family and Medical Leave or a reduced schedule requires prior approval by SSLDL. SSLDL's consideration of such requests will include several factors, such as the length of the requested leave, the nature of the employee's job, existing and proposed work schedule, and SSLDL's business needs.

Military Caregiver Family Leave and Qualifying Exigency Family Leave may be taken intermittently or on a reduced leave schedule.

If a Family and Medical Leave is a foreseeable intermittent or reduced schedule leave for planned medical treatment, SSLDL may require an employee to transfer temporarily to an alternative position with equivalent pay and benefits that better accommodates recurring periods of absence or to a part-time schedule. Employees must also make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt SSLDL's operations.

7. **Notice of the Need for Family and Medical Leave.**

- a. **Foreseeable Leave:** If the need for a Family and Medical Leave is foreseeable, employees should give at least 30 days notice of their intent to use the leave. If it is not possible to provide 30 days notice for a foreseeable leave, the employee must give notice as soon as practicable, which ordinarily means by the same or next business day. Failure to provide such notice may be grounds for delay or denial of leave.

- b. **Unforeseeable Leave:** When the need for a Family and Medical Leave is unexpected, employees must provide notice as soon as practicable after the need for the leave is known. This means that employees generally must comply with SSLDL's normal call-in procedures. Failure to provide such notice may be

grounds for delay or denial of leave and may result in discipline for failing to comply with SSLDL's call-in procedures.

c. **Content of the Notice:** Employees must provide sufficient information for SSLDL to determine if the leave may qualify as a Family and Medical Leave and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for Qualifying Exigency or Military Caregiver Family Leave. Employees must also inform SSLDL if the requested leave is for a reason for which Family and Medical Leave was previously taken or certified. If the request is for intermittent leave or reduced schedule leave, employees shall include the proposed leave schedule.

d. **Applying for Family and Medical Leave:** Notice of the need for Family and Medical Leave should be made in writing, absent extenuating circumstances, and submitted to the Assistant Director. To apply for a Family and Medical Leave, contact the Assistant Director or Director for a Family and Medical Leave Request form.

8. **Certification.** If an employee is requesting a Family and Medical Leave due to his or her own serious health condition or to care for a parent, child or spouse with a serious health condition, he or she will be required to provide medical certification from a health care provider of the health condition involved and, if applicable, verification that the employee is needed to care for the ill family member and for how long. Forms for this purpose will be provided by the Director or Assistant Director when employees notify SSLDL of the need for the leave. Employees must provide the requested medical certification within 15 days of being supplied with the necessary certification form or the request for a Family and Medical Leave may be delayed or denied.

a. **Second and Third Opinions:** After submitting the required medical certification, SSLDL may require, at its option and its own expense, that a medical certification be obtained from a health care provider of SSLDL's own choosing to verify the need for the requested Family and Medical Leave. If the first and second medical certifications differ, SSLDL may require, at its option and at its own expense, that a third certification be obtained from a third health care provider who is jointly selected by SSLDL and the employee. The third medical certification will be final and binding on both parties.

b. **Certification of a Qualifying Exigency Family Leaves:** SSLDL may seek certification of a Qualifying Exigency Family Leave each time the employee requests such leave in connection with a covered military member. The first time the employee requests such leave, SSLDL may also require that the employee provide a copy of active duty orders or other documentation issued by the military indicating that the covered military member is on active duty or called to active duty during deployment in a foreign country and the dates of the service.

c. **Certification of a Military Caregiver Family Leave:** If an employee is requesting a Military Caregiver Family Leave to care for a seriously injured or ill covered servicemember, medical certification for such a leave must address whether the covered servicemember suffered a serious injury or illness on active duty that may render him/her medically unfit to perform the duties of his/her office, grade, rank or rating. Such certification must be obtained from one of the following types of health care providers: (1) a Department of Defense (DOD) health care provider; (2) a Department of Veterans Affairs health care provider; (3) a DOD network authorized private health care provider; (4) a DOD non-network-authorized health care provider; or (5) any health care

d. provider as defined in 29 CFR 825.125. In lieu of such certification, the Company will accept Invitational Travel Orders (ITOs) or Invitational Travel Authorizations (ITAs) issued to any family member to join an injured or ill covered servicemember at his/her bedside. It is not necessary for the employee to be the family member named in the ITO or ITA.

e. **Recertification:** SSLDL may also require periodic medical re-certifications at the employee's expense.

9. **Utilization of Paid Leave.** Approved Family and Medical Leaves of absence for full-time, salaried employees will be paid for up to four weeks. For any leave exceeding four weeks in a rolling twelve-month period, full-time, salaried employees must use any accrued PTO concurrently with the employee's Family and Medical Leave to cover any additional time off. All other employees taking Family and Medical Leave

under this Policy must use any accrued PTO concurrently with the employee's Family and Medical Leave. Once an employee exhausts his/her accrued PTO, the remainder of any such leave will be unpaid.

11. **Continuation of Benefits.** While on paid or unpaid Family and Medical Leave, whether full leave, intermittent leave or reduced schedule leave, the employee's benefits under SSLDL's Priority Health shall be continued in full force and effect on the same terms as though the employee were not on leave, except as provided in Paragraph (b) below.

a. **Contributory Benefits.** To the extent that the employee is required to contribute to the cost of maintaining benefits under SSLDL's Group Health Plan, the employee shall, during the leave period, continue to make the required contributions as though the employee were not on leave. During any period of unpaid Family and Medical Leave, the employee shall pay his or her contribution in accordance with any agreement made by and between the employee and SSLDL in writing before the commencement of the leave. If no agreement has been made regarding payment of employee contributions, the employee shall remit his or her contribution to SSLDL at the same time as such contribution would be made if by payroll deduction in the ordinary course of employment by SSLDL. Nothing contained in this FMLA Policy shall operate to preclude or defer the effect of any change in the employee's required contribution which becomes effective during the leave period.

\With the exception of the employee's benefits under SSLDL's Group Health Plan as referenced above, employer contributions and other benefits defined under Policy 203, including the accrual and PTO, and seniority will continue only during any portion of a Family and Medical Leave that is paid. All employment benefits accrued by the employee before the start of Family and Medical Leave, except paid leave time substituted for unpaid Family or Medical Leave time as described above, shall be preserved during the term of the leave and shall be restored to the employee upon return to work at the expiration of the leave.

b. **Failure to Reimburse Employer.** If the employee fails, for a period of thirty (30) days, to make any payment required to keep his or her benefits under SSLDL's Priority Health Group Health Plan in force while on Family and Medical Leave, SSLDL's obligation to continue group health coverage will cease. The employee facing cancellation of coverage will be notified in writing at least fifteen (15) days before coverage is to cease. Coverage will be cancelled retroactively to the effective date of the period to which the unpaid premium applies.

12. **Failure to Return to Employment.** If an employee does not return to work upon the completion of an approved Family and Medical Leave for reasons other than the onset, continuation or recurrence of a serious health condition of the employee or the employee's parent, child or spouse, the serious injury or illness of a covered servicemember or other circumstances beyond the employee's control, SSLDL will require repayment of SSLDL contribution to the employee's health insurance and any other insurance premiums paid during the Family and Medical Leave.

13. **Restoration.** An employee on a Family and Medical Leave who returns to work on or before the expiration of 12 weeks (or 26 weeks, in the case of Military Caregiver Family Leaves) of Family and Medical Leave will generally be reinstated to his or her prior job or to an equivalent position with equivalent pay, employment benefits and other terms and conditions of employment. Some employees, however, may be denied restoration of employment under limited circumstances:

a. An employee will not be restored to his or her prior job or an equivalent position if the employee would not otherwise have been employed at the time the restoration would have occurred, such as when an employee's position has been eliminated in an intervening reduction in force or when the employee was hired for a specific term that has expired or to perform work on a discrete project that has been completed.

b. "Key employees" may be denied restoration to their prior or equivalent positions under certain circumstances. A "key employee" is defined as a salaried employee whose compensation falls within the highest 10% of SSLDL's workforce. A key employee will be permitted to take Family and Medical Leaves but

may be denied restoration to his or her prior or an equivalent position if denial of restoration is necessary to prevent substantial and grievous economic injury to the operations of SSLDL. SSLDL will notify key employees of its intent to deny restoration as soon as SSLDL determines that substantial and grievous economic injury will occur in the event of restoration.

c. Acceptance of another job while on a Family and Medical Leave will result in the cancellation of the leave and the termination of the employee's employment.

14. **Status Reports and Fitness-for-Duty Certifications.** It is the employee's responsibility to remain in reasonable and periodic contact with SSLDL while on leave and to report on his or her status and intent to return to work as indicated in the SSLDL Procedural Manual Any employee not planning to return to work following an approved Family and Medical Leave is requested to submit a two-week written notice of resignation. In addition, if the employee is returning from a Family and Medical Leave relating to his or her own serious health condition, the employee must provide a written fitness-for-duty certification from a health care provider that the employee able to resume work.

15. **Absences Exceeding Entitlement to Family and Medical Leave.** SSLDL cannot guarantee any position to employees who are absent due to Family and Medical Leaves or other reasons for longer than twelve (12) weeks in any twelve (12) month period (or twenty-six (26) weeks, in the case of military caregiver family leaves). The placement of an employee at the end of such extended leaves will be subject to the length of the leave, the nature of the employee's job, business conditions, staffing needs and the availability of openings for which the employee is qualified, as determined by SSLDL. If the employee's position is no longer open, efforts will be made to provide an appropriate alternative position at a comparable salary. If SSLDL determines that no appropriate alternative position is available, an employee who is returning from an extended leave will be terminated.

16. **Additional Information.** For additional information about your rights and responsibilities with respect to the taking of Family and Medical Leaves, please see the Administrative Manager. Issues or questions not covered by this FMLA Policy will be administered in accordance with applicable state and federal law.

I. Introduction

The purpose of this Collection Development Policy is to outline the basic criteria for selection and retention of materials and electronic resources in the Library's collection. A written collection development policy provides guidance for library personnel to build and maintain a collection which reflects the mission and goals of the Library and which meets the needs of the community. A written policy statement also informs the public about the principles which guide the development and management of the Library's collection.

This Collection Development Policy is a statement and guide to be used by the professional staff of the SSLDL in selection, acquisition, evaluation, de-selection, preservation and maintenance of the Library's collection. It is understood that as the community changes, the Collection Development Policy will change as well. In order to keep the policy current and relevant, sections will be changed and amended as needed. These changes will be marked with appropriate dates.

A. Goals

SSLDL strives to achieve the following collection development goals:

1. Build and maintain a balanced collection, of adequate size, quality and diversity to meet the needs of the service community.
2. Build and maintain a collection that is up-to-date, attractive and well-maintained.
3. Optimize the allocation of the materials budget.

II. Selection Responsibilities

The authority and responsibility for the selection and de-selection of library materials is delegated by the Board of Trustees to the Library Director, and under his or her direction, to the professional staff working within the various areas of service.

A. Responsibilities of individual selectors

1. Perform materials selection and retrospective collection development.
2. Perform collection review and weeding.
3. Perform analysis of specific areas of the collection as required.

4. Keep current on library trends and be responsive to the changing interests of the community.
5. Report issues and potential issues relating to intellectual freedom, censorship and collection management to the Library Director.

III. Intellectual Freedom

A. Accessibility of Materials in the Collection

SSLDL is committed to providing a balanced collection. The Library upholds the right of the individual to secure information, even though the content may be controversial, unorthodox, or unacceptable to others. Materials available in the Library present a diversity of viewpoints, enabling citizens to make the informed choices necessary in a democracy. The choice of library materials by users is an individual matter. Responsibility for selecting materials for children and adolescents rests with their parents and legal guardians. While a person may reject materials for himself or herself and for his or her children, he or she cannot restrict access to materials for others.

1. The Library is a forum for information and ideas. Books and other Library resources shall be provided for the interest, information and enlightenment of all people of the community. Materials shall not be excluded because of the origin, background or views of those contributing to their creation.
2. The Library shall provide materials and information presenting all points of view on current and historical issues. Materials shall not be proscribed or removed because of partisan or doctrinal disapproval.
3. The Library shall fulfill its responsibility to provide information and enlightenment.
4. The Library shall cooperate with all persons or groups concerned with materials in the collection.
5. A person's right to use the Library shall not be denied or abridged because of origin, age, background or views.

B. Reconsideration of Materials in the Collection

Due to the diverse nature of the Library collection, it is possible that any individual may find information and ideas, with which he or she disagrees, contained in the collection. An individual who has a serious concern about the inclusion of a specific item in the collection is encouraged to discuss this concern with a librarian. See Reconsideration Procedure.

C. Internet Access

SSLDL provides free Internet access from designated public stations and wireless access in the Library. Please refer to SSLDL's Acceptable Internet Use Policy, number 419, which allows the Library to conform to Public Act 212 of 2000.

IV. General Principles of Selection

The SSLDL recognizes the varied and changing needs and priorities of its service community. To meet these needs and priorities the Library will acquire, organize, maintain, and make accessible a variety of materials to meet the varied educational, informational, cultural, and recreational needs of individuals of all ages. Material selection will be guided by the following general principles:

1. The Library strives to be an excellent and unbiased source of information. Therefore, the collection will include a diverse representation of ideas, and subjects will be covered in sufficient depth to meet anticipated and expressed needs. The collection as a whole will not promote causes, further movements, or favor viewpoints. The Library's professional staff will aim to achieve a high standard of objectivity when selecting materials.
2. The collection as a whole does not reflect the views of the SSLDL or of individual staff or Board members.
3. Selection of library materials will be made on the basis of the educational and recreational needs and interests of the community, consistent with the Library's mission and goals.
4. Materials will be evaluated as a whole and not on the basis of a particular passage or passages.
5. Materials will be assigned to the juvenile, tween, teen, and/or adult collections according to the selector's best assessment of the age group for which the materials have been produced or for which they will prove useful. The responsibility for the use of materials by children and teens rests with their parents or legal guardians.
6. When making selection decisions, material selectors will rely upon a number of tools, including, but not limited to: professional literature, popular media, standard and special bibliographies, lists created by recognized authorities, trade catalogs and publication announcements.
7. Materials will be considered using relevant state and federal laws (First Amendment, Title 18 Section 1470, United States Code, and Michigan Public Act 343 of 1984).
8. No item shall be excluded because of the race, religion, nationality, gender, sexual orientation or the political or social views of the author.
9. Decisions to include materials created by local authors will be based on the same criteria used in selecting all other materials.
10. Reading, listening and viewing choices are the right of the individual and are a private matter. The freedom to read or inquire will not be restricted by the Library.
11. All suggestions and requests for purchase of materials are welcome and will be seriously considered. Patrons who wish to make collection recommendations should direct their suggestions to the librarians on staff, however the final decision rests with the Library Director. If a patron's recommendation meets the criteria designated within the collection management policy the item may be considered for purchase. Highly specialized materials of limited community interest will not ordinarily be acquired. Referral to other library collections and interlibrary loan will be used to provide patrons with these materials.
12. The Library may acquire all titles in a series, or acquire only representative titles in a series, subject to demand, availability and the nature of the series. When a specific title in a series is lost or withdrawn from the collection, selectors will consider whether to replace that title, subject to availability.
13. The Library's goal is to provide a quality collection of materials in a variety of formats for all age ranges which reflects the needs, interests and diversity of the service community. In order to serve the community to the greatest extent possible, the Library is committed developing a relevant collection in formats which maximize ease of access and are responsive to changes in technology. Materials in new formats will be considered with issues of budget and community relevancy in mind and will be systematically added to the collection when appropriate. Furthermore, materials in formats, which are no longer commonly used by the service community, will be de-selected from the collection as necessary with careful consideration of the issues of equal service and access in mind. The Library Director may approve the addition of new formats to the collection for evaluation based on requests or anticipated community interest without revision of this policy. If usage justifies continuation of these trial collections, a policy revision will be submitted for approval within one year of the collection's introduction.
14. The Library collection consists primarily of works in the English language. Representative titles

of works in other languages of interest in the community will be considered for inclusion in the collection. In addition, the Library collects language instruction books and audiovisual materials in languages other than English, as well as dictionaries and phrase books.

V. Selection Criteria

In addition to the selection principles established elsewhere in this policy, material selectors may use, but are not limited to, the following criteria to determine if a title or item should be added to the collection. An item will not necessarily be judged against all criteria, but against those appropriate and applicable to it. An item need not meet all of these standards in order to be added to the collection.

1. Community interest, demand and popularity, both current and anticipated
2. Suitability for meeting the needs of the community
3. Creator's significance, reputation or popularity, generally and in the local community
4. Reliability and reputation of the publisher
5. Literary prizes or recognitions awarded to the work or the author
6. Professional and popular reviews, indexes and bibliographies, book lists, trade catalogs, publishers' advertisements, opinions of subject specialists, and customer recommendations
7. Permanent value
8. Timeliness and significance of the subject
9. Cultural or historical significance of the work and subject
10. Artistic merit
11. Literary excellence
12. Quality of presentation
13. Originality of thought
14. Accuracy, authoritativeness and objectivity
15. Existence of similar material in the Library's collection, and the need to provide a diversity of viewpoints, genres, styles and approaches
16. Budget, cost and space considerations in relation to demand
17. Local, state or regional significance
18. Suitability of physical form for library use and ease or speed of replacement

VI. Adult Collection

A. Fiction

The Library's collection of fiction for adults includes best sellers, genre fiction, classic literature, literary works and books of general interest. The focus is broad and eclectic. The primary purpose of this collection is to satisfy demand from recreational readers. Newly published titles are emphasized, and multiple copies are acquired when warranted by demand.

B. Nonfiction

The focus of the nonfiction collection is to meet general information needs in a wide range of topics of current and ongoing interest to the community. Materials pertaining to developing areas of knowledge are selected in as much quantity and variety as is possible without omitting items essential to maintain breadth in the collection. Materials on subjects of enduring interest are retained or replaced with newer editions.

C. Large Print

In order to provide library materials for visually impaired patrons, the Library maintains a large print book collection primarily selected to meet the general recreational and informational needs of adults. For the most part, the large print collection is comprised of duplicate titles of materials which are also

available in standard-sized type.

D. Reference

Reference materials, both print and non-print, are selected to provide specific information to patrons and to staff members answering patron questions. In order to insure availability of these information resources whenever needed, the reference collection is available for use only in the Library. Reference materials will be acquired in online or electronic forms, when these are readily available, unless cost is prohibitive and/or the print version of the resource is known to be superior and/or the print version is judged to provide better access to the information for the user group for which it is intended.

E. Periodicals and Newspapers

The Library subscribes to a variety of periodicals that reflect the diverse recreational reading interests of the local community. Preference will be given to general readership periodicals rather than professional journals due to the availability of indexed databases. Journals which are highly technical or scholarly will not be included in the collection. In addition to magazines, the collection includes local and national newspapers. Selection of periodicals and newspapers is based on patron demand. The periodical and newspaper collection will be evaluated periodically by library staff, at which time certain subscriptions may be altered or cancelled.

F. Local History

The Library maintains a limited collection of local historical information. Working in conjunction with local historians and historical societies, the Library will collect, preserve, organize and make available suitable materials of historical, geographical, cultural and genealogical relevance to the South Lyon area and to Michigan in general. The purpose of this collection is to provide materials for historical research to visitors, students and other interested members of the community. In addition, the Library will maintain a digital collection of the South Lyon Herald, which includes issues back to 1929. This collection is made up largely of gifts, and the Library will only buy materials for this collection where and when availability, space and budgetary considerations allow. SSLDL currently does not have facility to provide museum standard or archival quality storage for materials.

G. Audio Books

VII. JUVENILE AND TWEEN COLLECTIONS

The juvenile and tween collection has been developed to meet the entertainment, cultural and informational needs of SSLDL's young patrons, infant through eighth grade. The Library does not stand *in loco parentis*, and leaves the responsibility of guiding a minor's selections to the parent.

To encourage life-long reading habits, the juvenile and tween collections provide materials in a variety of formats to satisfy and stimulate the informational, educational, cultural and recreational needs of the children of South Lyon from infancy through grade eight. The materials are selected with regard to the stages of emotional and intellectual maturity of children.

A. Books - Picture Books, Easy Readers, and Fiction

The picture book collection is comprised of picture books of interest to all ages. Because the illustrations are the predominant feature, they are generally designed for adults to read to children. Although most picture books are intended for the young child, there are a number of picture books that are specifically written and illustrated for the older child. Easy Readers are intended for kindergarten through second grade readers. They are characterized by a controlled vocabulary, large print, heavy use of illustrations and a limited number of pages.

The fiction collection serves students from late second grade through eighth grade. The books feature age-appropriate vocabulary and subject matter.

Purchases for the teen collection are made to fill a transitional need between the juvenile/tween and adult collection. Teens may find additional materials of interest in both the juvenile/tween and adult collection areas. The Library does not stand in loco parentis, and leaves the responsibility of guiding a minor's selections to the parent. Materials located in the teen area are aimed at youth, ninth through twelfth grade.

X. Electronic Resources

Electronic resources consist of informational, educational or entertaining media delivered in a broadcast or interactive format other than the printed page. Electronic resources may consist of, but are not limited to, databases, ebook delivery platforms, and audio/video/data file streaming or download services. Factors in selection include informational value, entertainment value, space allocation, availability of print equivalent, cost, availability of remote access, relevancy to the community and patron demand. Priority items will be those products which meet the needs and interest of the Library's service community, provide added value to their print equivalents and products which are the equivalent of paper collections. Newly published titles are emphasized, and multiple copies are acquired when warranted by demand.

A. Development

SSLDL will facilitate access via its website to all resources furnished freely by the Michigan eLibrary (MEL) to State of Michigan residents. The Library will further facilitate access via its website to all electronic services offered by The Library Network (TLN) which are included as part of the Library's membership dues to the aforementioned organizations. If deemed necessary and appropriate by the Library Director and appointed staff, additional electronic resources will be made available to the users and staff of the SSLDL via subscription provided:

- Inclusion of the resource(s) is consistent with and informed by the Library's mission statement, current strategic plan and current materials selection policy
- Inclusion of the resource(s) is supported by patron demand, reasonable belief of patron demand, or assists library staff in the performance of their duties
- Any resource obtained or deployed for library staff use may also be made available for library patron use at the discretion of the appropriate department head
- The resource(s) or similar product(s) is not freely available via MEL, TLN, MLCS, or a trusted governmental or library agency
- The resource is cross-platform and compatible with a majority of popular operating systems and browsers
- The resource may be easily deployed via the Library's existing information technology network and website in a timely manner by current library staff, qualified vendors, or with the assistance of TLN or MCLS agents
- The resource provides content that may not otherwise be obtained through a less costly or more efficient means
- The resource may be funded by the Library's current and future budgets

B. Retention

An essential consideration in retaining electronic products is patron use. A subscription resource that does not show significant use over a time period of a year or more through statistics made available from the vendor or from our web server will be replaced or removed. A resource's utility to the Library staff in the performance of their duties will also be a consideration.

XI. Gifts and Donations

Please refer to the SSLDL Policy 402.

XII. Cooperatives and Resource Sharing

SSLDL participates in regional and state cooperative programs to provide a full range of access to information to its service community. These programs supplement and greatly expand local collections, remove geographic barriers and are essential to libraries of all types and sizes. SSLDL is a member of The Library Network, which provides a comprehensive program of support services for member libraries. These services include resource sharing and professional development for staff.

XIII. Preservation and Conservation

The Library strives to maintain a healthful environment for housing the collection. In the event of a disaster, the Library will do everything within its power to conserve and preserve the collection. The Library will make all attempts possible to repair damaged library materials. Items that are damaged beyond in-house repair and may be considered for replacement if they meet current collection management criteria as outlined in this policy. Items that are damaged beyond repair will be recycled whenever possible. SSLDL currently does not have facility to provide museum standard or archival quality storage for materials.

XIV. Collection Maintenance

SSLDL is committed to providing an up-to-date, attractive and well-maintained collection. To ensure a vital collection of continued value and relevancy to the community, the Library follows an ongoing program of reevaluation of materials. This evaluation depends heavily on the staff's professional expertise in assessing the needs of the community and the content of the collection.

Materials are removed from the collection when:

- A. They are no longer within the scope of the Collection Development Policy.
- B. They have zero or low circulation or use within an appropriate time period.
- C. They contain obsolete information, theories or concepts that are not useful for historic reference.
- D. They contain outdated or incorrect information.
- E. They are in an obsolete format.
- F. There are duplicate copies, unless multiple copies are justified by customer demand.
- G. Newer editions are acquired, unless older editions contain valuable information not found in recent editions.
- H. They are in poor physical condition, unless they cannot be replaced and are considered essential to the collection.

The criteria listed above by no means represents a comprehensive list. Librarians will make the final determination regarding withdrawing materials from the collection. Withdrawn materials will become part of the Friends of the Library Book Sale when appropriate or recycled when possible.

XV. Evaluation and Revision of the Collection Management Policy

In order to maintain a collection that continues to serve the patrons of the SSLDL well into the future, it will be necessary to review portions of this policy periodically. As the community changes, the Library will need to reassess and adapt its collection to reflect new and differing areas of interest and concern. The Collection Development Policy will be periodically evaluated and revised as necessary to provide guidance for implementing changes in the collection. The librarians will make recommendations for revisions to the policy as times and circumstances require.

XVI. Conclusion

SSLDL's Collection Development Policy serves as a guideline for library personnel to build and maintain a collection which reflects the mission and goals of the Library and which meets the needs of the community. It also serves to inform the public of the scope and nature of the collection. The goal of the staff of SSLDL is to create a useful, relevant collection that serves the population of the Library district. Comments and questions regarding the policy may be directed toward any librarian.

Revised: 8/14/2025

Approved: 8/25/2025

SSLDL welcomes the opportunity to allow the community to use the exhibit areas of the Library. Display goals are to educate, enlighten and empower.

The fact that an organization or person is permitted to use a library display/exhibit space does not in any way constitute an endorsement by the Library of its policies or beliefs and no claim to that effect may be used in advertising.

The following policy has been developed to promote equitable access to the display/exhibit spaces in the Library and to ensure that displays/exhibits reflect the Library's overall commitment to quality. This policy applies to all public-provided displays/exhibits in the Library.

SSLDL is committed to following guidelines for display set out in the American Library Association's Library Bill of Rights:

Policy 422: Use of Video Monitoring Equipment

Reviewed: 8/14/2025

Revised: 8/14/2025

Approved: 8/25/2025

I. PURPOSE

The purpose of security cameras is to enhance the safety and security of the SSLDL staff, patrons, and property. The Library strives to take reasonable precautions to assure a safe and secure environment for its patrons and staff. Because Library staff is unable to provide direct supervision over all areas within the Library and Library grounds, security cameras have been placed at selected locations to observe and record images of activities of persons in the Library and on Library grounds. Security cameras are also provided to assist the Library with enforcement of the Library's Code of Conduct Policy.

II. POLICY

Security cameras and video recording equipment are on Library property as a tool to address specific security related problems, as a deterrent to criminal activity and /or to assist in the apprehension of those breaking Library rules and /or the law. Utilizing security-monitoring equipment is an option under the following conditions:

- A vulnerable area is difficult to monitor due to staffing patterns and assignments;
- A lack of direct sight lines;
- The area would be burdensome to monitor due to its size or remoteness;
- A previous incident of a severe nature occurred at this location;
- A site experiences recurrent security related incidents.

Video surveillance for security purposes is limited to public areas of the Library. Such areas may include those of public usage, including the grounds, parking lots, entrances and interior hallways.

Video surveillance will be conducted in a professional manner and in a manner complying with other library policies and applicable law. No audio will be recorded. In order to protect patron privacy only the Library Director and Head of IT will have continuous access to the security cameras. As the cameras are not constantly monitored, Library staff and the public should continue to take appropriate precautions for their safety and for the safety of their personal property. The Library is not responsible for the loss of property or personal injury.

Recorded video surveillance images are not considered a "Library Record" (as defined by the Michigan Library Privacy Act) and may be disclosed in accordance with applicable law. Images may have to be blurred or redacted prior to release. The Library Director or their designee will determine whether the images can be disclosed without a court order or written consent, including in accordance with a Freedom of Information Act Request. The surveillance videos shall be kept for a limited period of time as determined by the Library Director in accordance to the State of Michigan Approved Record Retention Schedule.

Forms of Inquiry

Inquiries are accepted in person, by telephone, by electronic means and through the mail.

Priority is given to in-person requests. Staff will, however, complete a telephone conversation in process before attending to in-person requests.

Responses to Requests for Assistance

Reference service is intended to be provided by trained staff during all hours the Library is open.

When working at a service desk, response to patron service needs, including reference inquiries, takes precedence over other staff duties.

Requests will generally be handled in the order in which they are received. Reference staff members will attempt to answer questions at the time the request is made and to work within the patron's time requirements. If necessary, staff will inform the patron that a longer response time is needed or that assistance should be sought from another library or agency.

Staff will offer their best professional opinion when providing reader's advisory or recommending the best source to answer a question. Staff will not give opinions, advice or interpretation beyond the scope of their expertise and training in library reference work. When answering a patron's reference question, reference staff will cite the resource(s) from which the information is obtained. The producers of that resource, not the Library itself, are responsible for that resource's accuracy. The librarian will decide when all reasonable resource options have been exhausted at the Library and when it is time to cease working on a question and refer the patron elsewhere.

Staff will assist, as they are able, in helping patrons with computer applications or electronic reading and listening devices. They may refer patrons to appropriate books, online tutorials or classes for further assistance. When assisting patrons with computer resources, staff will not enter personal information for patrons.

Staff will not provide the following kinds of assistance, which are deemed to be beyond the scope of the Library's service responsibilities:

- Interpretation, advice or personal recommendations in any area other than the use of Library resources. This includes, but is not limited to, legal, medical, tax, financial, political or religious advice.
- Critiquing or editing documents.
- Completing forms (including online forms) for patrons.
- Creating accounts for patrons, such as banking, financial, or online shopping accounts.

1. Residents:

A. SSLDL is funded by property taxes, state aid, penal fines and contributions. It is not a school-district funded library. Therefore, residency requirements for membership should not be confused with or presumed to be the same as residency requirements for the South Lyon School District.

B. A resident of SSLDL is any person who resides in or pays property taxes to a jurisdiction assessing an operational millage for the Salem- South Lyon District Library. Services will not be denied or abridged because of religious, racial, social, economic or political status, nor because of age. Regardless of this requirement, employees or elected board members of the South Lyon Community School District are treated as residents eligible for full borrowing privileges under this policy.

Persons who own a business in the SSLDL service area may obtain a Library card upon proof of business ownership in Salem Township, the City of South Lyon, or Green Oak Township.

All cards are renewed annually.

Resident card and business card holders have access to all library services

C. Resident Minors

Minors are entitled to a library card of their own, provided a parent or guardian's signature is acquired along with identification, such as a driver's license. After the age of 18 a patron does not require the signature of a parent or guardian.

All other Nonresidents who reside in or pay taxes to any jurisdiction served by a library that is a member of The Library Network (TLN) may also be entitled to full library privileges. However, sharing of library resources should be equal between member libraries. When use of the Salem-South Lyon District Library by residents of a TLN participating district exceeds 5%, the SSLDL Board of Trustees will consider whether charging an annual per-family user fee to persons from that district is appropriate. Individuals who live at the same address are considered a family.

D. Nonresident Fees. If the SSLDL Board of Trustees determines that assessment of an annual per-family fee to families from a particular district is appropriate, the Board of Trustees will determine the fee amount each year. No portion of the annual fee or Summer Pass fee can be refunded. A family that pays the fee receives library cards entitling each household member to full library privileges at SSLDL. These Nonresident cards must be renewed annually. The Board of Trustees shall have complete discretion in applying Nonresident Fees to offset library expenses.

1. One piece of identification which includes proof of residency will be required for each resident or non-resident library card application. Examples of proper identification are: current driver's license, lease or rent receipt, recent utility bill, tax receipt, current voter's registration card, etc. To borrow materials, patrons must present their library card or a valid identification.

The Open Meetings Act requires that all decisions of a public body shall be made at a meeting open to the public. Further, all deliberations must be made at an open meeting unless otherwise permitted under the Open Meetings Act. With advancements in technology and the availability of the Internet, the Library desires to ensure all electronic communications comply with existing law. Toward that end, the following points shall govern all forms of electronic communication:

Library board members or members of other elected or appointed bodies of the Library shall not discuss or deliberate library issues with a quorum of the public body by electronic communication. Example: "respond to all" in an email, frequently constitutes a quorum, and should be avoided.

A Library public body shall not conduct a meeting over the Internet or in a chat room; however, technology may be used to allow an absent member to participate if a quorum is already present and in compliance with the Open Meetings Act.

Official business of the board shall not be conducted by electronic communication. In the event official business is to be conducted electronically, it must be done in a way that is available to the public and in compliance with the Open Meetings Act.

Upon receipt of information designated as "For Distribution Only", the members of the public body shall not reply to all or a quorum of other members of that public body. Any questions or comments shall be directed to the director or the board secretary who sent the electronic communication.

Since electronic communication sent to and received by public officials may be subject to the Freedom of Information Act, no library elected or appointed official should place any information in an electronic communication that he or she would not include in other forms of written correspondence.

Library Computers/Workstations	\$2,500	4 years
Servers and Technology Equipment	\$2,500	5 years
Buildings	\$20,000	30 years

I. Definitions and Provisions

A. Tangible Assets. Assets that can be observed in one or more physical senses.

B. Fixed Assets. Tangible assets of a durable nature that are employed in the operating activities of the Library, relatively permanent, and needed for the production of goods or services. This broad group is usually separated into classes according to the physical characteristics of the items (e.g. land, buildings, improvements other than buildings, furniture, collections and equipment).

C. Capital Outlays. Expenditures that benefit both the current and future fiscal periods. This includes the cost of acquiring land or structures; construction or improvement of buildings, structures, or other fixed assets; and equipment purchases having an appreciable and calculable period of usefulness. These are expenditures resulting in the acquisition of or addition to the Library's general fixed assets.

D. Historical Costs. The cash equivalent price exchanged for goods and services at the date of acquisition. Land, buildings, and equipment are common examples of items recognized under historical cost attribute.

E. The Library will capitalize items with an individual value equal or greater than \$2,500.

II. Land

The Library will capitalize all land purchases, regardless of cost.

Original cost of land will include the full value given to the seller, including legal services incidental to the purchase (including title work and opinion), appraisal and negotiation fees, surveying and costs for preparing the land for its intended purpose (including contractors and/or library workers, salary and benefits). Donated land will be recorded at fair market value on the date of transfer plus any associated costs.

III. Furniture and Equipment

The definition of furniture and equipment is an apparatus, tool, or conglomeration of pieces to form a tool. The tool will stand alone and not become a part of a basic structure or building.

Improvements or renovations to furniture and equipment will be capitalized only if the total cost exceeds \$2,500 and the total costs will be greater than the current book value and less than the fair market value.

Donated furniture and equipment will be made in accordance with any restrictions associated with the funding source and with the above procedures.

IV. Buildings

Buildings will be capitalized at full cost with no subcategories for tracking the cost of attachments. Examples of attachments are roofs, heating, cooling, plumbing, or any part of the basic building. Cost of items designed or purchased exclusively for the building will be included.

The cost of improving or renovating an existing building will be capitalized only if the total cost exceeds \$1,000 and the total cost will be greater than the current book value and less than the fair market value.

Capital building costs will include preparations of land for the building, architectural and engineering fees, bond issuance fees, interest cost (while under construction), accounting costs if material and any costs attributable to construction of the building.

Donated buildings will be recorded at fair market value on the date of transfer with any associated cost.

Purchases made using federal or state funding will be made in accordance with any restrictions associated with the funding source and with the above procedures.

V. Improvements Other Than Buildings

This asset group includes improvements to land, attached or not easily removed, and with a life expectancy of greater than two years. Examples are walks, parking areas and drives, fencing, retaining walls, outside fountains, planters, and other similar items.

Improvements do not include roads, streets, or assets that are of value only to the public. Road or drives on library-owned land that provide support to our facility are assets. Sidewalks installed on library-owned land for use by the public and for the support of our facility are capital assets.

Improvements or renovations to improvements other than buildings will be capitalized if the total cost exceeds \$2,500 and/or the total cost will be greater than the current book value and less than fair market value.

Donated improvements other than buildings will be recorded at fair market value on the date of transfer with any associated costs.

Purchases made using federal or state funding will be made in accordance with any restrictions associated with the funding source and with the above procedures.

VI. Recording and Accounting

The cost of property, plant, and equipment includes all expenditures necessary to put the asset into position and ready for use. For purposes of recording fixed assets of the Library, the valuation of assets

shall be based on historical cost or, where the historical cost is indeterminable, by estimation for those assets in existence.

An asset register shall be maintained to provide a record of capital assets of the Library.

VI. Safeguarding of Assets

Accounting controls are designed and implemented to provide reasonable assurances that detailed records are maintained to assure accountability for library-owned assets.

VIII. Salvage Value

Capitalized assets under this policy will be assumed to have no salvage value.

IX. Disposal of outdated Equipment

Equipment will be disposed of at the request of the Network Administrator and approved by the Director or when it is fully depreciated. See form in Procedure Manual for Disposal of Outdated Equipment.

Assets no longer of use to the Library may be donated to a 501c3 or 501c4 or a similar public entity. Adopted: 01/27/2020

On October 28, 2019, the Salem-South Lyon Board of Trustees created an endowment fund. That fund is held and managed by the Community Foundation for Southeast Michigan. Donors may contribute to the fund directly or may indicate on a contribution to the Library that the funds should go toward the endowment.

Each year, the Library is able to receive a distribution from the Fund in the form of a grant. The rate and calculation method for the distribution is reviewed annually by the Board of the Community Foundation for Southeast Michigan. The Community Foundation will notify the Library when and what amount can be distributed. The Library Board of Trustees will determine if the money, in whole or in part, is to be distributed or reinvested in the Fund. At the time of determination, the Library Board can either designate a specific use for the funds or simply place it in the Library Funds account.

Policy 810: Fund Balance

Review: 2/19/2025

Revised: 2/20/2024

Approved: 2/26/2024

This policy has been adopted by the Board of Trustees to address the implications of Governmental Accounting Standards Board (GASB) Statement No. 54. The policy is created in consideration of unanticipated events that could adversely affect the financial condition of the Library and jeopardize the continuation of public services. This policy will ensure that the Library maintains adequate fund balances and reserves in order to:

- Provide sufficient cash flow for daily financial needs;
- Offset significant economic downturns or revenue shortfalls;
- Provide funds for unforeseen expenditures related to emergencies; and
- Secure and maintain investment grade bond ratings.

The following definitions fund types will be used in reporting governmental fund activity. The Library may or may not report all fund types in any given reporting period based on actual circumstances and activity.

- General Fund – used to account for all financial resources not accounted for and reported in another fund.
- Special Revenue Fund – used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt services or capital projects.
- Debt Service Fund – used to account for all financial resources restricted, committed, or assigned to expenditures for principal and interest.
- Capital Projects Fund – used to account for all financial resources restricted, committed, or assigned to expenditures for the acquisitions or construction of capital assets.
- Permanent Funds – used to account for resources restricted to the extent that only earnings, and not principal, may be used for purposes that support the Library’s objectives.
- Internal Service Fund – used to report an activity that provides services or goods to departments of the library on a cost-reimbursement basis.

The following categories will be used to report governmental fund balances in accordance with the definitions provided by GASB Statement No. 54:

- Non-spendable Fund Balance – amounts that cannot be spent because they are either not in a spendable form or are legally or contractually required to be maintained intact.
- Restricted Fund Balance – amounts that can be spent only for specific purposes stipulated by the constitution, external resource providers, or through enabling legislation.
- Committed Fund Balance – amounts that can be used only for the specific purposes determined by a formal action of the SSLDL Board.
- Assigned Fund Balance – amounts intended to be used by the Library for specific purposes, but do not meet the criteria needed to be classified as restricted or committed. In governmental funds, other than the General Fund, the assigned fund balance represents the remaining amount that is not restricted or committed.
- Unassigned Fund Balance – is the residual classification for the Library’s General Fund and includes all spendable amounts not included in the other classifications.

The following guidelines address the classification and use of fund balance in governmental funds:

- Classifying Fund Balance Amounts – Fund balance classification indicate the nature of the net resources that are reported in a governmental fund. An individual governmental fund may include non-spendable resources and amounts that are restricted, committed, or assigned, or any combination thereof. The General Fund may also include an unassigned amount.
- Encumbrance Reporting – Encumbering amounts for specific purposes for which resources have already been restricted, committed, or assigned should not result in separate display of encumbered amounts. Encumbered amounts not previously restricted, committed, or assigned, will be classified as committed.

- Unassigned Fund Balance – The Board has designated an unassigned fund balance for the Library’s General Fund. This minimum unassigned fund balance is to protect against cash flow shortfalls related to timing of projected revenue receipts and maintain a budget stabilization commitment. The Board has outlined in Policy 807, that the investments of funds shall be in a manner to allow access to those in a timely manner to fund the month to month expected operating expenditures of the Library as well to cover limited unexpected expenses from the Library’s General Fund. The Library Director and Assistant Director through the Budget Committee, will provide a report of the fund balance as part of setting the annual budget, approving budget adjustments, or as requested by the Board Treasurer.
